## COMMERCIAL DECONTAMINATION SOLUTIONS

## Protect Your People

MAINTCO offers the most comprehensive COVID-19 Re-Opening Cleaning available. After hand cleaning all frequently contacted surfaces, MAINTCO will apply an aerosolized disinfection solution to frequently touched porous surfaces such as upholstery, carpet, cubicles, etc. We will then shampoo all entryways, conference rooms, hallways and open area carpet. We also apply an EPA-registered, healthcare-grade disinfectant during this step of the process. Air Movers (high-powered fans) will be left on all cleaned carpet overnight to ensure quick drying. All restrooms within the facility will be disinfected from top to bottom including: walls, floors, toilets, sinks, partitions, counters and all other surfaces within the restrooms.
